I have teamed up with Be The Match to raise money with my Wedding to Neil Kenneth because I feel passionate about saving lives!

**Your gift will help add new potential marrow donors to the registry, assist patients with uninsured costs and fund innovative research to improve transplant outcomes.**

**Did you know?**  
A marrow transplant can be a life-saving treatment for more than 70 diseases including leukemia, lymphoma and sickle cell. Seventy percent of patients do not have a matching donor in their family. They depend on Be The Match to find unrelated donors and receive the transplant they need.

Please help me reach my fundraising goal by making a tax-deductible contribution. 100% of the event proceeds help add new potential marrow donors to the registry, help patients struggling with uninsured costs and fund research. Every dollar counts.
